

# SIM: SIMPLE INVENTORY MANAGER

*An evolutionary software*

Replace your Excel files by a professional multi-user database, with unlimited features. Add customized user interfaces, barcoding, peripheral devices that you need. Available in different languages.

A simple user-friendly interface replaces Excel sheets and Web forms. Here in German.

## BARCODE: COMPATIBLE WITH ALL SCANNERS

*Choose the device that fits your requirements*

Your company, your products needs a barcode scanner adapted to your supply chain. You may need **something simple and light**, or a **strong reader**, or a **2D reader**, or a complete and **dedicated user-dialog**. We can guide you to connect the right barcode reader to **our software**, or to **your own ERP**.
